Intersect Insights

Edition XVII

Ideas in Motion. **Conversations** in Action.

A Month of Conversations.

A Milestone Worth Celebrating.

Over the past few weeks, the Intersect community has come together around a shared purpose—to listen deeply, learn openly, and build bridges. Our conversations with educators, school leaders, career counsellors and institutional voices, we explored the possibilities of more curious, collaborative and meaningful learning environments.

It has also been a milestone month for the Intersect Podcast, which has reached its 50th episode, while preparations to Intersect 6.0 continue to gather momentum.

FROM THE DESK OF INTERSECT

The Intersect Conversations:
Four Weeks.
Four Conversations.
One Shared Question.

As part of the journey towards **Intersect 6.0: Rediscovering Learning**, we hosted a four-part **Intersect Conversations** series. The conversations challenged familiar assumptions about learning and explored a range of questions that will continue to shape the dialogue at Intersect 6.0.

Beyond the Invitation: What It Means to Be an Intersect Scholar

16 October 2026

What happens after receiving an invitation to Intersect? This opening conversation brought together Intersect Scholars to reflect on the opportunity, their experience of attending the gathering, and what it means to become part of a community working towards a better future.

Host: Ankur Vohra
With: Joan Liu, Shuvipa Bhattacharjee, Lavinda Fernandes, Manish Bansal

From Running Institutions to Shaping Learning Cultures

22 October 2026

How can educational institutions move beyond operations and compliance to create environments that spark curiosity, experimentation and collaboration? What will this session brought school leaders together to reflect on the role of leadership in shaping the culture of learning within their institutions.

Host: Ankur Vohra
With: Avneesh Dixit Bhatia, Dr. Aditi Mishra, Arunkiran Murugesh

Watch the Recording

From Familiar Pathways to Unwritten Futures

28 October 2026

The concluding conversation brought the series back to its central question: are our institutions, teaching practices and assessment systems keeping pace with the realities they claim to prepare students for? Herein rethinking systems to student outcomes, the panel explored what education must preserve, rethink, and reinvent for the future.

Host: Ankur Vohra
With: Ajay Tripathi, Pragati Pandey, Sudha Srivatsan, Deeksha Prabhakhar

Rediscovering Learning: What Needs to Change?

4 November 2026

What happens after receiving an invitation to Intersect? This opening conversation brought together past Intersect Scholars to reflect on the opportunity, their experience of attending the gathering, and what it means to become part of a community working towards a better future for education.

Host: Ankur Vohra
With: Asma Nafees, Dr. Dhanraj Mahindra, Dr. Fred McBagonluli, Ashish Pandey

Watch the Recording

Four conversations have brought us closer to the questions at the heart of Intersect 6.0. The dialogue continues in February when the wider education community comes together to explore what it means to move from passenger to explorer.

Voices Shaping the *Future of Education*

THE INTERSECT PODCAST REACHES 50 Episodes

A milestone moment for the conversations that bring educators's many voices together.

Fifty episodes. Fifty conversations. Countless perspectives on the people, ideas and institutions shaping education.

The Intersect Podcast has reached its 50th episode, marking an important milestone in our effort to bring meaningful conversations from across the education ecosystem to a wider audience.

Episode 50

Watch Now

From Boardrooms to the Headmaster's Office
Featuring Mr. Saurav Sinha
Principal, Mayo College

In this milestone conversation, Mr. Sinha reflects on the experiences that shaped his journey, the importance of keeping the passion for teaching alive, and the role of boarding schools in preparing young people for life and leadership.

Episode 49

Watch Now

Bridging the Gap between Policy and Practice
Featuring Dhanji Mehta
Chief Operating Officer, Vasant Valley Centre for Excellence in Education

The conversation explains why the development of educators requires more than prescribed training hours. It calls for mentorship, thoughtful questioning, and the space to reflect on practice.

Milestones & Meaningful Connections

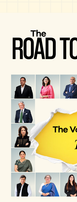

Masters' Union Receives
QS Stars Overall
5-Star Rating

Masters' Union University has received an overall **5-Star rating** from QS Stars, becoming one of just six institutions in India to achieve this distinction. The recognition was marked by a campus visit from **Dr. Ashwin Fernandes,** who joined members of the Masters' Union community for the occasion.

Strengthening Connections Across the *Education Ecosystem*

This week also played host to welcome **Ms. Anuradha Handa, Founder Principal, G.D. Goenka Public School, Sector 46, Gurugram,** to our campus for an engaging exchange of perspectives on school leadership, learning and development, and the importance of building stronger connections between schools and higher education institutions.
